Visit our website provides for free trial version of ByteScout Barcode SDK. Free trial includes lots of source code samples to help you with your VB.NET project.

VB.NET - Module1.vb

```
Imports Bytescout.BarCode

Module Module1

    Sub Main()
        ' Create new barcode
        Dim barcode As New Barcode()

        ' Set symbology
        barcode.Symbology = SymbologyType.DeutschePostLeitcode

        ' Set value
        barcode.Value = "1234567890123"

        ' Save barcode to image
        barcode.SaveImage("result.png")

        ' Show image in default image viewer
        Process.Start("result.png")
    End Sub

End Module
```
