

## How to add background image with spreadsheet sdk in C# and ByteScout Barcode Suite

How to write a robust code in C# to add background image with spreadsheet sdk with this step-by-step tutorial

The coding instructions are formulated to help you to try-out the features without the requirement to write your own code. Want to add background image with spreadsheet sdk in your C# app? ByteScout Barcode Suite is designed for it. ByteScout Barcode Suite is the set that includes three different SDK products to generate barcodes, read barcodes and read and write spreadsheets: Barcode SDK, Barcode Reader SDK and Spreadsheet SDK.

Want to quickly learn? This fast application programming interfaces of ByteScout Barcode Suite for C# plus the guidelines and the code below will help you quickly learn how to add background image with spreadsheet sdk. This C# sample code is all you need for your app. Just copy and paste the code, add references (if needs to) and you are all set! Check C# sample code samples to see if they respond to your needs and requirements for the project.

Trial version of ByteScout Barcode Suite is available for free. Source code samples are included to help you with your C# app.

Source Code Files:

```
using System.Diagnostics;
using System.Drawing;
using Bytescout.Spreadsheet;

namespace AddBackgroundImage
{
    class Program
    {
        static void Main(string[] args)
        {
            // Create new spreadsheet (or open existing)
            Spreadsheet doc = new Spreadsheet();
            doc.RegistrationName = "demo";
            doc.RegistrationKey = "demo";

            // Add worksheet
            Worksheet worksheet = doc.Worksheets.Add();

            // Put background image on the worksheet
            worksheet.BackgroundImage = Image.FromFile("image1.jpg");

            // Save document
            doc.SaveAs("output.xls");

            // Close spreadsheet
            doc.Close();

            // Open generated XLS document in default application
            Process.Start("output.xls");

            doc.Dispose();
        }
    }
}
```
