

How to reduce memory usage for pdf extraction with pdf extractor sdk in VBScript using ByteScout PDF Suite

How to write a robust code in VBScript to reduce memory usage for pdf extraction with pdf extractor sdk with this step-by-step tutorial

These source code samples are assembled by their programming language and functions they apply. ByteScout PDF Suite can reduce memory usage for pdf extraction with pdf extractor sdk. It can be applied from VBScript. ByteScout PDF Suite is the set that includes 6 SDK products to work with PDF from generating rich PDF reports to extracting data from PDF documents and converting them to HTML. This bundle includes PDF (Generator) SDK, PDF Renderer SDK, PDF Extractor SDK, PDF to HTML SDK, PDF Viewer SDK and PDF Generator SDK for Javascript.

This prolific sample source code in VBScript for ByteScout PDF Suite contains various functions and other necessary options you should do calling the API to reduce memory usage for pdf extraction with pdf extractor sdk. Simply copy and paste in your VBScript project or application you and then run your app! Enjoy writing a code with ready-to-use sample VBScript codes.

All these programming tutorials along with source code samples and ByteScout free trial version are available for download from our website.

Source Code Files:

ReduceMemoryUsage.vbs

```
' When processing huge PDF documents you may run into OutOfMemoryException.
' This example demonstrates a way to spare the memory by disabling page data caching.

' Create Bytescout.PDFExtractor.TextExtractor object
Set extractor = CreateObject("Bytescout.PDFExtractor.TextExtractor")
extractor.RegistrationName = "demo"
extractor.RegistrationKey = "demo"

' Load sample PDF document
extractor.LoadDocumentFromFile("../..\sample2.pdf")

' Disable page data caching, so processed pages will be disposed automatically
extractor.PageDataCaching = 0 ' 0 - no caching; 1 - cache all pages.

' Save extracted text to file
extractor.SaveTextToFile("output.txt")

Set extractor = Nothing

WScript.Echo "Extracted data saved to 'output.txt' file."
```
