

## How to remove rows from existing spreadsheet in C# and ByteScout Spreadsheet SDK

This tutorial will show how to remove rows from existing spreadsheet in C#

The sample source code below will teach you how to remove rows from existing spreadsheet in C#. ByteScout Spreadsheet SDK is the SDK component for writing, reading, modifying and calculating Excel and CSV spreadsheets. Can calculate and recalculate formulas with Excel installed. You may import or export data to and from CSV, XML, JSON. Supports export to databases, arrays, streams. It can be used to remove rows from existing spreadsheet using C#.

This code snippet below for ByteScout Spreadsheet SDK works best when you need to quickly remove rows from existing spreadsheet in your C# application. In order to implement the functionality, you should copy and paste this code for C# below into your code editor with your app, compile and run your application. Detailed tutorials and documentation are available along with installed ByteScout Spreadsheet SDK if you'd like to dive deeper into the topic and the details of the API.

Free trial version of ByteScout Spreadsheet SDK is available on our website. Documentation and source code samples are included.

namespace Removing_rows_from_existing_XLS
{
    class Program
    {
        static void Main(string[] args)
        {
            // Open Spreadsheet
            Spreadsheet document = new Spreadsheet();
            document.LoadFromFile("AdvancedReport.xls");

            // Get Worksheet
            Worksheet worksheet = document.Workbook.Worksheets[0];

            // Remove row
            worksheet.Rows.Delete(5, 5);

            // delete output file if exists already
            if (File.Exists("Output.xls")){
                File.Delete("Output.xls");
            }

            // Save document
            document.SaveAs("Output.xls");

            // Close Spreadsheet
            document.Close();

            // open generated XLS document in default program
            Process.Start("Output.xls");
        }
    }
}
